

Carolyn Harris MP

Member of Parliament for Swansea East

A huge thank you to everyone who supported Everyone Deserves an Easter 2022...

This Easter was such a blast! I couldn't be prouder and more grateful of what our community achieved when we came together to support those who needed it most.

It was a real team effort! Throughout the Easter period, Swans and Ospreys fans donated Easter eggs to the stadium. With the support of our partners and those who donated we were able to put together hampers that helped make families across Swansea East's Easter special. Warburtons donated the bread, Morrisons provided the food, the Council and Low Cost Vans helped us deliver the hampers. When all was said and done, we managed to reach 140 families with our hampers.

It wasn't just the hampers we did on the day, but we ran events throughout the Easter holidays. We were able to give donated Easter eggs to schools and community groups right across the constituency as part of #EveryoneDeservesAnEaster. We visited Clwyd school, Pentre'r Graig school, Jersey Park Pavilion Easter egg hunt, St Thomas Mother and Toddler group, Bonymaen Play Initiative, Faith in Families, Montana Mother and Toddler group and Blaen-y-maes drop in centre.

We also provided packed lunches for the Swans' Easter Soccer Camps, which provided coached football for little ones across in the local community.

Thank you to everyone who supported. All you Swans and Ospreys fans who donated and the local legends Scott Otten and Lee Trundle who got you to do so in droves! Thank you to all our partners who donated and supported the operation. And a massive thank you as always to the Swansea community for helping us reach those who needed it most, whether it is local community groups or schools, your engagement was vital in helping us distribute donations. You are the backbone of our community, and I couldn't be more grateful for your continued support and engagement!

See you all this Summer for #EveryoneDeservesASummer2022,

Carolyn
